Question: Can I use it with tape in hair extensions? Or will it loosen the tape?

Answer: Hello! Because Complexe 5 is an astringent OIL, it shouldn't break down the tape. Also just be careful that you're only applying it to the scalp and not in your hair.

Question: Is it easy to use?

Answer: From my experience yes it is easy to use. But be sure you are ordering an authentic Rene Furterer product. In terms of use, the cap only lets a very small amount so you don't need to use much. I section my hair in 6 to 8 sections so I can reach as much of my scalp as possible and then I massage the product in as per... [see more](#)

★★★★☆ **Pricey but worth it (so far)**

Style: Pre-Shampoo Detox | **Verified Purchase**

I just received this product and have only used it once, but some reviews that helped me decide to purchase addressed specific topics so I wanted to share my experience. If in the coming weeks something new crops up I will amend my review.

1. Scent: I found it to be citrus lavender as advertised, but, to me, there is a bit of a medicinal tinge underneath. It's not bad, but I can still smell it now, hours after showering and having added product to my hair. I am super sensitive to smells, but it's not too overwhelming, though at this point I only smell the medicine smell. Kind of like T-Gel, maybe? Not great, but doable.
 2. Tingling/burning: I did experience mild tingling, but nowhere near the burning some reviewers described. I was never uncomfortable and it never hurt.
 3. Ease of use: at first I didn't know if it was coming out, but as I went I could smell it and knew it was. The directions say to start at the base of your neck and work your way up in a circular motion, which is

★★★★★ **Essential product for a nice scalp \$\$\$\$**

Reviewed in the United States on April 13, 2018

Verified Purchase

This is my first purchase from Rene Furterer, which is obviously an upmarket hair care brand\$\$\$\$

The product contains a concoction of essential oils that stimulate and deep cleanse the scalp to prepare a healthy bed for hair growth. You apply this on segments of your scalp PRE-shampoo weekly or once a week.

It smells like citrus and sweet orange essential oil. It does NOT leave an oily residue and washes off pretty easily. You will feel that your scalp is cleaner after shampooing it out. The scent of the essential actually lingers on LONG AFTER you wash it off- which is a bonus for me but not everyone likes the strong essential oil smell. If you are sensitive to smells you might not like this ?? I would use it STILL because it makes my hair feel and look healthy.

There are only two cons here - the price and availability These are however sacrifices I am willing to make for the way this makes my scalp feel clean and refreshed.I think this product is excellent for detoxing my scalp.

The philosophy behind it is that without clean hair follicles, your hair strands won't grow as strong; think of
